

# 2006 Seminar Series

## Currently Featured Seminar:

**June 9, 2006**

### **POINT OF NO RETURN: SCBA AIR MANAGEMENT**

**Preventing Fireground Fatalities Through Training**

**Presented by: PHIL JOSE**

**Captain, Seattle Washington Fire Department**

This fast moving workshop provides an examination of dramatic video and audio of firefighter fatality and near miss situations. These narrow escapes bring to life stimulating student-focused discussions, and realistic scenarios to create an experience where the students lead, as well as learn. The Need, The Mandate, and The Solution create the foundation for an active, discussion based, learning session.

Among the topics covered are:

- The Rule Of Air Management (ROAM)
- The Point of NO Return
- How Firefighters die In Structures
- The future of applicable NFPA Standards. Will you be ready?
- Factors that affect the duration of a firefighter's air supply
- READY Checks
- Firefighter fatality and Close Call case study review
- Practical ways to manage your air
- CARA radio reports
- Myths of Air Management

Captain Phil Jose is a 19-year veteran of the Seattle (WA) Fire Department assigned to Ladder 5 and Rapid Intervention Group 31. He has served as a training lieutenant, training captain, and as a member of the Operational Skills Enhancement Development Team for 7 years. He is a national instructor on the topic of Air Management and a published author.
